

RKPPR03

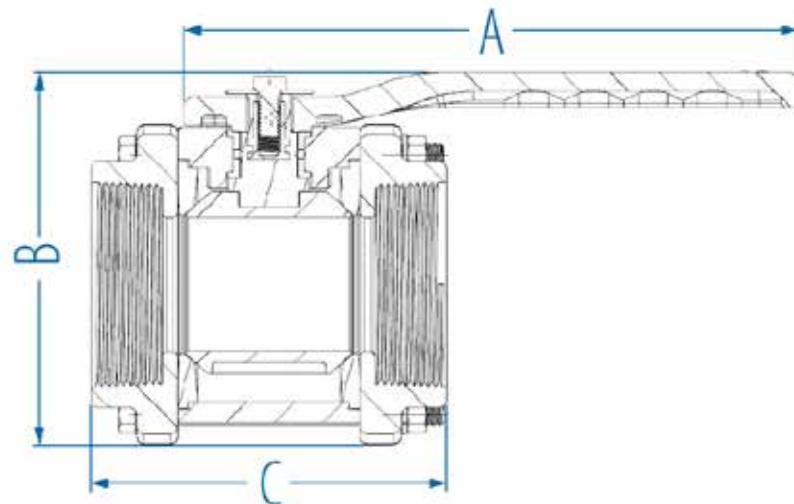

3" Polypropylene Ball Valve

Size	3"
Body Material	Polypropylene (PP)
Body Design	Ball
Operation	Lever
Connections	F NPT
Pressure Rating	100 PSI @ 75°F 75 PSI @ 150°F
Length (End to End)	6.1094"
Max. Working Temp.	150°F

Features

- Equipped with Viton O-rings for superior durability and long-lasting performance.
- Specially machined ball after moulding to ensure perfectly spherical surface for optimal contact sealing.
- Long, flat handle design to reduce operator fatigue and ensure low operating torque.
