PRODUCT SPECIFICATION SHEET | **SKU RK-32**

RK-32 Brass Impact Sprinkler – 3/4" MNPT Full Circle 27° Economy

The RK-32 is the economy-grade 3/4" MNPT full-circle brass impact sprinkler, sharing the same hydraulic specifications as the RK-30 — 3.1–13.9 GPM, 33.8–59 ft radius, 30–70 PSI — at a lower price point. It is a practical choice for large-volume system builds where identical performance to the RK-30 is required but cost per head is a primary consideration.

SPECIFICATIONS

Connection	**3/4" MNPT**
Coverage Pattern	**Full Circle**
Trajectory	**27°**
Nozzles	**11/64" x 1/8"**
Flow Range	**3.1–13.9 GPM**
Radius	**33.8–59 ft**
Pressure Range	**30–70 PSI**
Body / Arm	**Bronze**
Nut / Tube	**Brass**
Spring / Pin	**Stainless Steel**
Drive	**Spring Arm Impact**

FEATURES

- Economy pricing — delivers the same RK-30 hydraulic specifications at a lower cost per head, reducing capital outlay for large system installs.
- Dual nozzle set (11/64" x 1/8") — interchangeable with the RK-30 for mixed-stock systems and spare parts consolidation.
- 27° trajectory — standard field angle for uniform throw and distribution across open agricultural land.
- Bronze body and arm — corrosion-resistant construction for field service.
- Brass nut and tube — precise nozzle alignment for consistent distribution uniformity.
- Stainless steel spring and pin — reliable impact drive mechanism.
