PRODUCT SPECIFICATION SHEET | **SKU RK-55**

RK-55 Brass Impact Sprinkler – 1-1/4" MNPT Part Circle 23°

The RK-55 is a 1-1/4" MNPT part-circle brass impact sprinkler with dual 13/32" x 7/32" nozzles, a flow range of 36.7–114.2 GPM, and a radius of 73.8–106 ft at 50–85 PSI. It is the highest-output sprinkler in the RK brass impact line, intended exclusively for large commercial agricultural irrigation systems — extensive pasture blocks, large farm fields, and high-volume orchard layouts.

Does not work with a garden hose. This sprinkler requires a commercial-grade irrigation supply with 1-1/4" MNPT threaded connection and system pressure of 50–85 PSI with sufficient flow to meet the stated range.

SPECIFICATIONS

Connection	**1-1/4" MNPT**
Coverage Pattern	**Part Circle**
Trajectory	**23°**
Nozzles	**13/32" x 7/32"**
Flow Range	**36.7–114.2 GPM**
Radius	**73.8–106 ft**
Pressure Range	**50–85 PSI**
Body / Arm	**Bronze**
Nut / Tube	**Brass**
Spring / Pin	**Stainless Steel**
Drive	**Spring Arm Impact**

FEATURES

- 1-1/4" MNPT connection
- Extreme flow capacity (36.7–114.2 GPM)
- 73.8–106 ft radius
- Adjustable part-circle arc
- Dual nozzle set (13/32" x 7/32")
- Bronze body and arm
- Brass nut and tube
- Stainless steel spring and pin
