PRODUCT SPECIFICATION SHEET | **SKU RK7X4-200**

# 1/4" Soft PVC Micro-Tubing 7x4mm – 650 ft (200 m) Roll

The RK7X4-200 is a 650 ft (200 m) roll of soft PVC micro-tubing with 7mm OD and 4mm ID — the larger bulk option for bigger installations.

Softer and more flexible than polyethylene micro-tubing for easier routing and cold-weather handling. Compatible with standard 7mm barb fittings throughout the RK micro-irrigation line.

## SPECIFICATIONS

| | |
|---|---|
| Roll Length | **650 ft (200 m)** |
| Outside Diameter (OD) | **7 mm** |
| Inside Diameter (ID) | **4 mm** |
| Material | **Soft PVC** |
| Flexibility | **More flexible than polyethylene tubing** |

## FEATURES

- 650 ft (200 m) roll — larger bulk quantity for bigger installations; lower per-foot cost than pre-cut lengths or the 100 m roll
- Soft PVC construction — more flexible than polyethylene tubing for easier routing and handling
- 7mm OD / 4mm ID — compatible with standard 7mm barb fittings in the RK micro-irrigation range
