PRODUCT SPECIFICATION SHEET | **SKU RKRGC-150**

1-1/2" Quick-Release Aluminum Rain Gun Coupling

Heavy-duty 1-1/2" quick-release aluminum coupling for connecting rain guns to risers or tripod stands in commercial irrigation. The quick-release mechanism speeds up head moves in the field, reducing labor time between irrigation sets.

SPECIFICATIONS

Connection Size	**1-1/2"**
Material	**Aluminum**
Type	**Quick-release coupling**
Application	**Rain gun to riser / tripod stand connection**

FEATURES

- 1-1/2" connection — matches the inlet size of 1-1/2" rain guns including the RK-67
- Quick-release mechanism — attach and detach the rain gun without tools, reducing move time between irrigation sets
- Aluminum construction — lightweight and corrosion-resistant for long field service life
- Compatible with risers and tripod stands — use with standard irrigation risers or the RKTR150 tripod stand
