PRODUCT SPECIFICATION SHEET | **SKU RKSAJS**

# Adjustable Dripper on Stake – 0–18.5 GPH (0–70 LPH) – with 1/4" Barb

Adjustable dripper pre-mounted on a stake — provides simultaneous control of flow rate (0–18.5 GPH / 0–70 LPH) and wetted area with a 0–8" spray radius.

The stake holds the dripper at the correct height above the soil. Includes detachable 1/4" x 1/4" insert barb. Uses 1/4" tubing or inserts directly into poly tubing.

## SPECIFICATIONS

| | |
|---|---|
| Flow Rate | **0–18.5 GPH (0–70 LPH)** |
| Spray Radius | **0–8"** |
| Connection | **1/4" Barb (detachable)** |
| Includes | **Dripper + Stake + 1/4" Insert Barb** |
