PRODUCT SPECIFICATION SHEET | **SKU RKSC150**

Sprinkler Cart

1.5" Galvanized Steel · 13" x 4" Tires

A simple, convenient way to move a sprinkler around your property. The galvanized steel frame, 1.5" pipe and large 13" x 4" pneumatic tires make this cart built for portable irrigation where sprinklers need to be moved from one area to another.

At just 33 lbs, it's easy to move, transport and reposition without sacrificing durability. The tires roll smoothly across grass, soil and uneven ground.

SPECIFICATIONS

Material	**Galvanized steel**
Pipe size	**1.5"**
Tire size	**13" x 4" pneumatic**
Overall height	**26"**
Overall width	**64"**
Overall length	**65"**
Weight	**33 lbs**

FEATURES
